sachtler
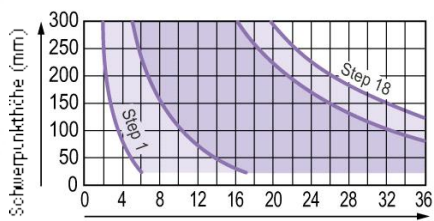

Cine 30 HD
Fluid head

With sideload mechanism

Sachtler's fluid head Cine 30 HD features a sideload mechanism for the camera plate. A key advantage of this technology is that the fluid head can be side-loaded together with its camera set-up – quickly and easily. The mechanism is compatible with camera plates from OConnor and ARRI. The operating elements, manufactured according to 2K processes, are especially convenient. If you need a front box for all sorts of utensils or tools, it is simple to mount an adapter which is exceptionally practical for film and HD shooting.
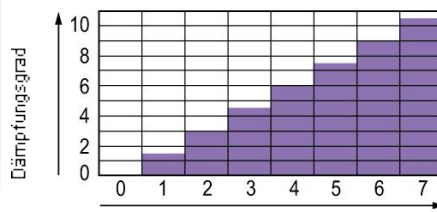

Technical Facts

|	
Weight	5.6 kg / 12.3 lbs
Payload	3 - 35 kg / 7 - 77 lbs
Sliding range - plate	150 mm / 5.9 in
Counterbalance	in 18 steps + Boost Button
Grades of drag	7 each horizontal and vertical + 0
Tilt range	+90/-75°
Temperature range	-40° to +60° C / -40 to +140° F
Camera fitting	Sideload plate 30 HD
Tripod/Pedestal fitting	150 mm bowl, integrated flat base fitting
Pan bar(s)	1, telescopic, Type HD
Level	self-illuminating Touch Bubble
