

DA 75 L

Tripod, Aluminium

The New Tripod For DV Users

With their compact dimensions, these tripods are indispensable companions. The proven Touch & Go® system enables fast changeover, so camera operators can go from using the tripod to shooting from the shoulder within a matter of seconds. In combination with fluid heads FSB 2 and FSB 6, this tripod system is ideal for MiniDV camcorders starting from around 1 kg / 2.2 lb.
